Tim Ulrich, Principal

October 28, 2022

Dear Parent or Guardian,

The results of the Illinois School Report Card for 2021-2022 school year has been published. Newark Community High School is excited to share that we have been ranked in the Top 10% of Illinois high schools. We have been ranked as EXEMPLARY!

The Illinois School Report Card emphasizes a commitment to equity for all students across the state of Illinois. The intent is to shift away from an overemphasis on achievement in standardized test scores by introducing multiple indicators of students' success. In addition to standardized tests, comprehensive indicators will include academic growth, chronic absenteeism, fine arts participation, and school climate survey summaries, in addition to English, science and math measures. The system also measures the academic progress of individual student demographic groups. High school indicators comprise college entrance examination (SAT) success, as well as graduation accountability.

We are truly excited to celebrate your students' EXEMPLARY academic growth and achievements! For more information on the school report card, visit <https://www.illinoisreportcard.com>

Sincerely,

A handwritten signature in black ink, appearing to read "Tim Ulrich", written in a cursive style.

Tim Ulrich
